+91 6381 588 743

With 4+ years of building large-scale SaaS and high-performance APIs (Laravel, Lumen, and MSS), specialized in building optimized architecture, and complex third-party integrations.

EXPERIENCE

SEP 2023 - PRESENT

SOFTWARE DEVELOPER, Billion Careers (Quess) | *Coimbatore/Bangalore*

- **Employee Benefits Platform** (280K MAU with 1M Active User base)
  - Responsible for ensuring a blazing-fast, intuitive homepage user experience, by optimizing page load performance and scalability through Laravel Livewire, caching, and microservices.
  - Engineered highly-sensitive Fintech/Loan Partner Integration and built the Core Lead Validation Engine with a robust validation system in Lumen.
  - Built the flagship Subscription plan with Payroll Deduction modules and Payment Gateway modules i.e., with Razorpay, streamlining user purchase experience across mobile/desktop.
- **Rewards & Recognition Platform** (From Scratch to 20K MAU)
  - Handled complicated cross application synchronization techniques and delivered the MVP in a 6-week period and facilitated Customer Success features for the business team.

OCT 2021 - AUG 2023

ASSOCIATE SOFTWARE DEVELOPER, Heptagon Technologies (Quess) | *Coimbatore/Bangalore*

- **Paperless Onboarding Platform** (30K Monthly Employee Inflow)
  - Delivered RESTful APIs with Laravel and Lumen, integrated third-party BGV systems, and enhanced system uptime by optimizing queries and database monitoring
- **HR Management Platform**
  - Contributed to scalable API architecture, data consistency, and faster deployment cycles.

EDUCATION

MCA • **2019 - 2021** • *89.5%* • Computer Applications • *Sree Saraswathi Thyagaraja College, Pollachi*
B.Sc. • **2016 - 2019** • *81.1%* • Computer Science • *Sree Saraswathi Thyagaraja College, Pollachi*
HSC • **2015 - 2016** • *75.3%* • Mathematics & Computer Science • *GBHSS, Udumalpet*
SSLC • **2013 - 2014** • *82.2%* • Science & Mathematics • *GBHSS, Udumalpet*

TECHNOLOGY & TOOLS

PHP	Laravel	Lumen	Livewire
Zend	MySQL	PostgreSQL	MongoDB
HTML	CSS	Docker	GIT
Jenkins	Postman	Microservices	Debugging
TypeScript	VSCode	ChatGPT	Copilot

AWARDS

- **Winner of Quess Hackathon 2024** - Contributed to AI Model design, Data pipeline creation, and API integration in building an AI-powered Visual Merchandising System with LLMs, Image Recognition, and Image Processing
- **Winner of Quess Global Awards 2024** under the *Innovator Category*
- **Finalist in Quess Global Awards 2024** under the *All Stars Category*
